WILLAMETTE VALLEY

#### VINTAGE NOTES

The fruit for this delicious Riesling is grown entirely from Erratic Oaks Vineyard in Oregon's Willamette Valley. This site is located in the shadows on Mt. Pisgah in the foothills of the Coastal Range and enjoys protection from prevailing winds and weather. This location benefitted the fragrant Riesling grape in 2020, delivering ripe and balanced fruit in early October. This beauty will benefit from several years of cool cellaring, while also delicious now.

#### TASTING NOTES

The 2020 Willamette Valley Riesling shows lovely tropical and bright citrus notes on the nose, including fresh Meyer lemon and white peach. The palate brings mouthwatering acidity and a nice pop of citrus on the back of the palate. A classic Riesling vintage with standout fruit, nice savory spices, and a mineral-laden finish.
