

VIANSA SONOMA

2013 SONOMA MOUNTAIN CABERNET SAUVIGNON SIGNATURE SERIES

Wonderfully complex, this bold Cabernet is sourced from mountain vineyards in the heart of Sonoma Wine Country.

Inspired by the heritage and soils of Sonoma, our Signature Series wines are a balance of time, terroir, and careful refinement of exceptional fruit. Each of our Signature Series designated wines are crafted to be shared with friends, family and food.

VINTAGE AND VINEYARD

The 2013 growing season in Sonoma County featured the kind of warm, steady daytime temperatures, and cool crisp evenings, that develop intense varietal character in grapes. Our Sonoma Mountain fruit is grown on unique hillside terroir, situated above the fog line which allows the early morning sun to slowly and evenly ripen the grapes. Additionally, the well-drained, primarily volcanic soil is also an important factor in cultivating fruit for our elegant and powerful Cabernet Sauvignon.

TASTING NOTES

Our Sonoma Mountain Cabernet opens with floral notes of violets and rose petals, underscored by candied cherry and mint. The tannins are bold and the palate is defined by minerals and red clay with flashes of deep, dark fruit and cedar. The structural integrity of this wine will allow for elegant aging. Drink in 6 months or hold for up to 10 years.

PERFECT PAIRINGS

This wine has the structure and tannins that make it ideal for pairing with rich hearty fare like rich marbled beef, dry rubbed or long-braised ribs and pot roast. Cabernet also pairs well with dishes that feature mushrooms.
